

Mini Zine folding instructions

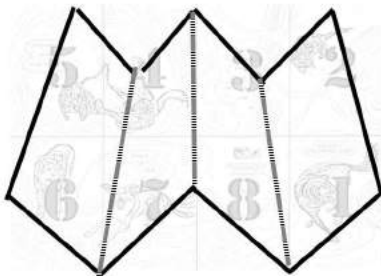

Print out the holiday coloring zine or start with a blank page and make your own.

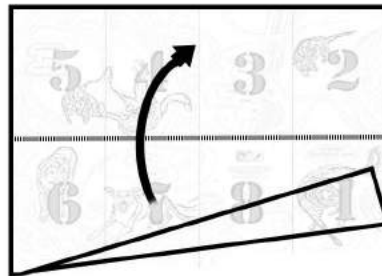

Fold in half (5&6 to 2&1).
Then unfold.

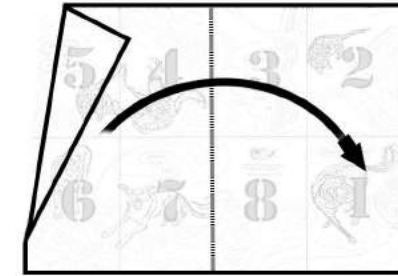

Fold the ends to the middle
so you have four sections.

Now unfold the W shape
you just folded. Fold in the
opposite direction.

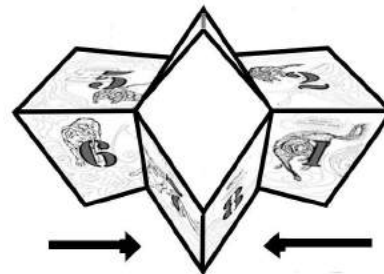

Fold in half the otherway
then unfold again.

Now repeat your first half
fold.

And cut the center between
3&8 (4&7). Then open and
fold in half along the cut.

Now pop out the middle
and push the ends together.

Finally fold 1 to front and 8
to back. That's it! Start
coloring, or creating your
own mini zine.
